M-Enabling Summit Announces 2020 Program Theme: Digital Inclusion Strategies: A Catalyst for Action

BETHESDA, MD (January 29, 2020) – The organizers of the **M-Enabling Summit** are proud to host the 9th edition of the leading global conference for empowering accessible technologies. With over one billion users worldwide living with some form of disability, digital accessibility plays a key role in reaching all users on a global scale. This year's conference will fall under the theme "Digital Inclusion Strategies: A Catalyst for Action." The **M-Enabling Summit** will highlight how organizations can successfully leverage innovative enabling technologies to make their digital workplaces, learning environments, products and services accessible to users of all abilities.

Fast-moving technological innovations are transforming opportunities for enabling seniors and persons with disabilities to access digital content and services and interact with their environment in new ways.

This year's thought-provoking agenda is set to be led by over 150 experts and industry leaders exploring how to further drive digital inclusion forward across all sectors of activity. A powerful differentiator in gaining a competitive advantage and establishing a positive culture, digital inclusion is embraced by leading organizations across all sectors of activity.

Key sessions and topics that will be explored at this year's **M-Enabling Summit** include: accessibility of Gig economy platforms, digital workplace accommodation requirements, implications of Brain-Computer interfaces, legal and compliance evolving environments, autonomous mobility and mobility as a service, inclusive digital entertainment, and smart cities for all.

The multi-day event will not only address pressing industry issues and developing market opportunities but also feature an exhibitor showcase representing their latest products and services. In addition, the **M-Enabling Summit** will integrate the annual International Association of Accessibility Professionals (IAAP) Conference, which will go in depth on technical guidelines and implementation solutions.

The 9th edition of the **M-Enabling Summit** will be held June 22-24, 2020 at the Renaissance Arlington Capital View Hotel.
